

Seminari Dottorandi 1° e 2° anno

30/04/2019 AULA - I - ORE 14.00

| | | | |
|-------------|----------------|---|---------|
| 1 Ricci | Angela | RNAi methodologies for plant defence against viruses | 2° anno |
| 2 Capriotti | Luca | From Chemical mutagenesis to the applications of new breeding techniques for plant protection against fungi | 2° anno |
| 3 Choudhury | Md Abdul Mueed | Field estimation and prediction of the urban tree carbon stock utilizing the remote sensing tools: LiDAR and WorldView (WV) 3 multispectral image data. | 2° anno |
| 4 Mia | Md Jebu | Alternative Orchard floor managements in the tree row | 2° anno |

Skype call

02/05/2019 AULA - G - ORE 14.00

| | | | |
|----------------|------------------|--|---------|
| 1 Montecchiari | Silvia | Methods and techniques for vegetational dynamics analysis in the secondary woodland communities | 2° anno |
| 2 Hoseini | Marziyeh | Production of agrifood derived compost, soil and plant responses following its application | 2° anno |
| 3 Serrani | Dominique | Effect of agroforestry system on soils from Mozambique | 2° anno |
| 4 Dubiwak | Biyensa Gurmessa | Aerobic co-composting of biogas substrates and solid digestate for better agricultural use and environmental quality | 2° anno |

30/05/2019 AULA - G - ORE 14.00

| | | | |
|---------------|---------|---|---------|
| 1 Scalise | Amelia | Rosehip pericarps and seeds as possible food and natural antioxidants in food and beverage | 2° anno |
| 2 Bucci | Giorgia | Methods to study the diffusion and the adoption of digital technologies in the agrifood sector: a literature review | 2° anno |
| 3 Moresi | Alice | Gestione e ricostruzione ambientale del reticolo idrografico minore per la difesa idrogeologica del territorio delle Marche | 1° anno |
| 4 De Bernardi | Arianna | Ecotossicologia e biorisanamento ambientale da xenobiotici - Ecotoxicology and environmental bioremediation by xenobiotics | 1° anno |
| 5 Cortinovis | Gaia | Population genomics and its applications in Phaseolus spp. | 1° anno |
| 6 Frascarelli | Giulia | Phaseolus evolutionary genomics | 1° anno |
| 7 Tonelli | Enrico | Effects of climate changes on beech forest phenology and growth dynamics | 1° anno |

Skype call

05/06/2019 AULA - L - ORE 14.00

| | | | |
|--------------|------------|--|---------|
| 1 Nora | Baldoni | | 2° anno |
| 2 Bartolucci | Edoardo | Influence of technological processes on the lipid fraction of food | 1° anno |
| 3 Nartea | Ancuta | Less investigated vegetable by-products as source of bio-active extracts for edible coating, nutraceuticals and functional food formulations | 1° anno |
| 4 Corradetti | Marida | Insect vectors and candidate vectors of phytoplasmas | 1° anno |
| 5 Maoloni | Antonietta | Fermented vegetable preserves: manufacturing process and functional properties | 1° anno |
